

## Summary

Guy Bliesner is a certified educator with both classroom and administrative experience. With over twenty years of experience in K-12 school safety and security at the school, district, and state level he is a result-oriented practitioner with a keen understanding of effective security practices successfully adapted and applied in the unique K-12 school operational environment.

He has completed hundreds of K-12 school risk, threat, and vulnerability assessments as the basis of a collaborative process with schools to identify gaps and improve the security posture in K-12 schools.

## Professional Experience
