SECURITY MANAGEMENT SOLUTIONS TAILORED TO FIT YOUR NEEDS

Our Company

Security Advisors Consulting Group specializes in assessing and tailoring security programs to align with your strategic business objectives and ensuring that they adhere to guidelines set forth by regulatory bodies.

Our Business Model

We recognize that a one size fits all approach to security is ineffective, because of this we strive to provide cost effective security solutions tailored to the individual needs of our clients.

Our mission is to become your trusted security management advisors, we accomplish this with offerings of:

- Risk & vulnerability identification
- Program assessment
- Facility security measures surveys
- Compliance auditing
- Crime prevention & security design
- Threat assessment & management
- Security management support
- Training program development
- Security awareness training
- Project & vendor management
